## Quick Wits 11 - foundation

Find the Mean from this table

| Number of <br> siblings | 0 | 1 | 2 | 3 |
| :--- | :--- | :--- | :--- | :--- |
| Frequency | 5 | 3 | 8 | 4 |
|  |  |  |  |  |

Find the volume of this cuboid.
(How many faces, veritices and edges does it have?)

5 cm

Find the
circumference and area of this circle.

Find the volume of this shape.
Area=
Circumference $=$

2. Describe the transformation.

Simplify the following, in index notation.
a) $x^{5} \times x^{8}$
b) $x^{4} \times x^{2}$
c) $x^{16} \div x^{2}$
d) $\left(x^{5}\right)^{4}$
